Here's a thought...making the Band Boosters a NW Area community. Possibly opening membership more specifically to the other bands at NW at a lower cost (say \$50), to the 7/8th graders (say \$25), and to 5/6th graders (say \$15). Increase awareness of what Band Boosters do for ALL the NW Area Bands. Maybe have pages on the website and have webmasters from each school that can add pictures and add concert dates. Encourage high school kids to return to their elementary schools for concerts. Invite to other concerts and shows. Increase fine arts!!
